All staff should report all accidents, incidents and near misses to employees, visitors, contractors working on the premises. Line managers will investigate such incidents and identify and implement means to prevent a recurrence.

When an accident happens to any employee or other (adult) person the Headteacher/Head of School must complete the Accident report form HS1. A copy must be retained in school and the original sent to the Health and Safety Unit within 3 days of the accident occurring.

Where a pupil has been taken directly to hospital from the school site, or injuries to pupils which "arise out of or in connection with work" (e.g. are due to defects in the premises or in management controls) this should also be reported and recorded on the Accident and Incident Report Form HS1. The form should be sent to the Health and Safety Unit within three working days.

The details of any employee who is suffering from a reportable disease must also be reported to the Council's Health and Safety Unit (Details of which diseases are reportable may be obtained from the Health and Safety Unit.)

#### **Local Contracts**

When the school contracts directly, the contractor is responsible for ensuring, so far as is reasonably practicable, the health and safety of himself, his employees and persons who might be affected by his activities.

The school will ensure the health and safety of its employees, pupils, visitors (which includes the contractor). In particular, the school will:
